### **DETAILED ACTION**

This Office action is response to applicant's amendment filed July 3, 2008. In view of applicant's amendment, the prior rejection of claims 23-26 under 35 U.S.C. 112, second paragraph is hereby withdrawn.

#### ***Specification***

The disclosure is objected to because of the following informalities: The specification is missing the customary U.S. patent headings, i.e., "Background of the Invention," Brief Description of the Drawings," etc.

Appropriate correction is required.

#### ***Claim Objections***

Claims 14-23, 25 and 26 are objected to because of the following informalities: The recitation of "characterized in that" in the above claims is objected to because it is not standard U.S. patent nomenclature. The recitation should be changed to "wherein." Appropriate correction is required.

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 14-29 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which

applicant regards as the invention. In claim 14, lines 6-9, the internal fluid passage is not positively recited to be between the pressure control means and the fluid inlet orifice or to be between the pressure control means and the fluid outlet orifice as recited. In claim 16, the recitation of the cylinder block being placed in a "hole" in the body is vague and indefinite in that the "hole" has not been distinctly recited. In line 3 of claim 18, "it" is vague and indefinite.

The following recitations are noted to lack antecedent basis: "the operator" in line 16 of claim 14; "one of the bases of the cylinder" in claim 17; "the cylinder/cylinder" and "the cylinder" in claim 18; "the cylinder" in claim 19; "the base of the cylinder" and "this annulus" in claim 20; "the operator" in claims 23, 25 and 26.

#### ***Allowable Subject Matter***

Claims 14-29 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
